Board of Selectmen	X	

24. To see if the Town will vote to borrow up to the sum of \$70,000 for the new Transfer Station, with the Selectmen designated agents to expend. (2/3 ballot vote required)

Recommended by:	Yes	No
Budget Committee	X	
Board of Selectmen	X	

25. To see if the Town will vote to raise and appropriate the sum of \$700 to be used for Uncaredfor Cemeteries (RSA 289:5) and deserted and abandoned cemeteries within their confines.

Recommended by:	Yes	No
Budget Committee	X	
Board of Selectmen	X	

26. To see if the Town will vote to discontinue the section of road in Effingham Falls between Route 153 and Old Route 25 known as Sneak Road and to deed it to the abutters.

Recommended by the Board of Selectmen.

27. Shall the town accept the provision of RSA 33:7 providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the selectmen to issue tax anticipation notes?

Recommended by the Board of Selectmen.

28. To see if the Town will vote authorizing indefinitely, until specific rescission of such authority, the Selectmen to transfer tax liens and convey property acquired by the town by Tax Collector's Deed by public auction (or advertised sealed bids) or in such other manner as determined by the Selectmen as justice may require (RSA 80:80).

Recommended by the Board of Selectmen.

29. Shall the Town accept the provisions of RSA 31:95-b providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the selectmen to apply for, accept and expend, without further action by the town meeting, unanticipated money from a state, federal, or other governmental unit or a private source which becomes available during the fiscal year?

Recommended by the Board of Selectmen.

30. Shall the Town accept the provisions of RSA 202-A:4-c providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the public library trustees to apply for, accept and expend, without further action by the town meeting unanticipated money from a state, federal or other governmental unit or a private source which becomes available during the fiscal year?

Recommended by the Board of Selectmen.

31. To see if the Town will vote to authorize the board of Selectmen to accept gifts of personal property which may be offered to the town for any public purpose, pursuant to RSA 31:95-e. The selectmen must hold a public hearing before accepting such a gift, and the acceptance shall not bind the town to raise, appropriate, or expend any public funds for the operation, maintenance, repair, or replacement of any such personal property.

Recommended by the Board of Selectmen.

32. To see if the Town will vote to authorize the Board of Selectmen to accept, on behalf of the town, gifts, legacies, and devises made to the town in trust for any public purpose, as permitted by RSA 31:19.

Recommended by the Board of Selectmen.

33. To see if the Town will vote to adopt New Hampshire state RSA 154:24, under the Chapter of Public Safety and Welfare - Firewards, Firemen and Fire Hazards, Subdivision of Aid Outside District, Section 154:24 Outside Service by Local Fire Department. Any city, town, village or fire district may authorize their respective fire department to go to the aid of another city, town, village or fire district within or without the state for the purpose of extinguishing a fire, rendering other emergency assistance, or performing any detail as requested, to include service calls, hazardous materials responses, rescue assistance, emergency medical care or any other duty requested by another member.

Recommended by the Board of Selectmen.

34. To see if the Town will vote to accept the property known as the Effingham Grange Hall located at the corner of Route 153 and Town House Road.

Recommended by the Board of Selectmen.

35. To see if the Town will vote to create and elect three Cemetery Trustees beginning with the 1995 Town election. Initial terms will be one for one year, one for two years and one for three years, thereafter, one each year for a three year term.

Recommended by the Board of Selectmen.

36. To see if the Town of Effingham will vote to abolish the Effingham Police Department.

Petitioned by Perley Thompson and others.

Not recommended by the Board of Selectmen.

37. To transact any other business that may legally come before said meeting.

Given under our hands and seal, the 17th day of February, in the year of our Lord, nineteen hundred and ninety-four.

A True Copy of Warrant-Attest:

TOWN CLERK'S REPORT
FOR THE PERIOD FEBRUARY 18 THRU DECEMBER 31, 1993

I want to begin by thanking the townspeople of Effingham for their patience and continued support after the transition last February.

During the month of April, my deputy and I will be attending the Municipal Agent Program course offered by the State of New Hampshire. Upon completion, the Town Clerk's Office will again be authorized to issue renewal stickers and license plates (20-day temporary plates must still be obtained at Troop E in Tamworth). There has been favorable response to the registration reminder cards that are sent each month - therefore, this service will continue.

April is also Rabies Clinic and dog license month. All dogs must be licensed by April 30th. Please be advised that the State of New Hampshire has increased dog license fees for 1994. New fees are:

Altered dogs	\$6.50	
All other dogs	9.00	
Owners over 65	2.00	for <u>first</u> dog; additional dogs charged at normal rate.

The Rabies Clinic will be held on Saturday, April 9, 1994 from 12 Noon - 1 PM at Town Hall. The cost of shots for both dogs and cats is \$8.00. Dr. Flood will again conduct this year's clinic. Licensing will also be available (bring 2 checks or cash). It is EXTREMELY important that dogs and cats be inoculated against rabies. Be aware that there have been several cases of diagnosed rabies in cats in NH.

The Town Clerk's Office continues to provide free Notary Public services to the residents of Effingham.

Absentee ballots will be available for anyone who is unable to vote in person at Town Hall on Tuesday, March 8, 1994. Please call or write to: Town Clerk's Office, P.O. Box 48, So. Effingham, NH 03882. Absentee ballots must be received by Monday, March 7, 1994 at 5:00 PM (except for Armed Forces ballots).

Town Clerk's Office Hours

Mondays	10:00 AM - 3:00 PM
Tuesday and Thursday evenings	7:00 PM - 9:00 PM
Telephone Numbers	539-7551 (Town Hall) 539-7559 (Home)

Respectfully submitted,

Andrea S. Hubbard
Town Clerk

Geneva Thompson
Treasurer

UNCARED FOR CEMETERIES

In 1993 four graveyards were taken care of. The bushes were cleared, leaves raked, weedwacked, old barbed wire removed and stones dug up that were buried unground.

Bases to stones were raised and repaired, footers and stones repaired. A total of 22 stones were repaired for \$767.00 for labor and materials.

Cemetery Trustee
Geneva Thompson

EFFINGHAM VOLUNTEER FIRE DEPARTMENT

The Effingham Volunteer Fire Department, in 1993, showed a roster that has increased in membership during the past year.

Three additional members completed the Fire Fighter 1 course. The course was sponsored by O V M A A. Twelve business and several training session were conducted. The Dept also had a large diameter hose training session at Pine River Road and Mountain Road with area Departments.

The Effingham Fire Dept., Ossipee Valley Mutual Aid and the Carroll County Sheriff's Dept. are continuing a major communications study, working on getting three new Radio Tower sites (Green Mtn - Red Hill - Tyrol).

The department had to replace 2T1 with a 6x6 from N.H. Forestry Dept.

The Effingham Fire Dept. was able to purchase the following equipment in the past year - a 4" Stortz Z valve for 2E5, Drench and Class A foam to aid in fire suppression, 1000 feet of 4" hose, portable Class A foam Proportioner (50/50 match with state), one 16" Smoke Ejector with hangers, Pitot gauge with accessories/case and 6 new air paks with cases.

Communications equipment - 1 new 2-way radio for 2E5 and 1 portable radio for an officer. Also upgraded part of the member turn-out gear.

The following is a list of runs in 1993:

6 Mutual Aid	3 Electrical
7 Auto Accident	1 Illegal Burn
2 Structure	2 Tree on Wires
3 Miscellaneous	1 Bomb Scare
3 Chimney	2 Dump Fires
1 Fuel Spill	2 Smoke Investigation
1 Gas Leak	1 Rescue
6 Woods Fires	2 Car Fires
1 Alarm Activation	

Total of 44 calls

The Effingham Fire Dept. is always interested in new members. If interested please contact any member.

IN CASE OF AN EMERGENCY CALL 539-2261. Be sure to give your name, location and type of emergency.

Richard W. Thompson
Chief

REPORT OF TOWN FOREST FIRE WARDEN
AND STATE FOREST RANGER

During Calendar Year 1993, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were campfires left unattended, unsupervised children and debris fires that escaped control. All of these fires are preventable, but ONLY with your help!

Please help your town and state forest fire officials with forest fire prevention. New Hampshire State Law (RSA 224:27 II) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done."

Violations of RSA 24:26 II and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$1,000 and/or a year in jail and you are also liable for all fire suppression costs.

The State of New Hampshire, Division of Forests and Lands assisted many towns in wildland fire suppression during 1993 and participated in many fire prevention programs. This year, the nation is celebrating Smokey Bear's 50th anniversary. The State of New Hampshire Forest Protection Bureau will be working with many communities to spread the fire prevention message--"Remember... **Only YOU can prevent forest fires.**" Fire prevention is the most cost effective fire suppression tool. Please be careful around fires and help us and our communities have a fire safe year.

"REMEMBER...SMOKEY HAS FOR FIFTY YEARS!"

FOREST FIRE STATISTICS - 1993

	<u>STATE</u>	<u>DISTRICT</u>	<u>TOWN OF EFFINGHAM</u>
Number of Fires	545	74	
Acres Burned	224	26	

For fire permits and information, call 539-6370 or 539-7766.

EFFINGHAM RESCUE UNIT REPORT FOR 1993

Through your generous expenditure of monies, Effingham Rescue was able to take delivery in 1993 of a new Advanced Life Support vehicle and a defibrillation unit. The new vehicle and cardiac monitor will enable our squad to provide more comprehensive medical services to the Town of Effingham and surrounding communities.

In 1993, the Effingham Rescue Unit responded to 46 calls. The breakdown of calls is as follows:

- 30 Medical Aid
- 8 Motor Vehicle Accidents
- 4 Mutual Aid Calls
- 2 Structure Fires
- 1 Fire Department Assist
- 1 Mutual Aid Structure Fire

Effingham Rescue transported 44 patients in 1993. In addition, the squad attended 2 EMS District Meetings, 1 mass casualty drill and performed a special service at the Effingham School.

Our membership is currently comprised of 3 Nationally Registered Emergency Medical Technicians-Intermediate, 5 Nationally Registered Emergency Medical Technicians-Basic and 9 rescue members. Effingham Rescue also has 4 members and 2 potential new members currently attending First Responder classes. Several members will also receive continuing education at a Pediatric Trauma course this spring.

As always, Effingham Rescue is very grateful for the numerous generous donations and cards of thanks that we have received during the past year.

Our sincere thanks to the townspeople for affording Effingham Rescue Unit the opportunity to be of continued service.

Respectfully submitted,

Andrea S. Hubbard
Secretary/Treasurer

EFFINGHAM POLICE DEPARTMENT - 1993

To report a Police Emergency cal 539-2284.

I would like to thank everyone for assisting when needed.

Respectfully submitted,

Kevin Downs
Effingham Police Dept.

EFFINGHAM PLANNING BOARD

The Planning Board passed another slow year due to the lack of growth in New Hampshire. No new subdivisions were created and only several boundary line adjustments.

This is not to say that the Board was not busy in 1993. There were many questions about land use, some of which the Board could not legally act on, as they were concerned with lots of record (i.e. lots in existence before the formation of the Board in 1972). On these lots, only the Wetlands and Steep Slope ordinances apply and, according to state law, the Planning Board has no other jurisdiction.

Other matters concerned violations of Subdivision Regulations and violations of conditions for subdivision. The Board feels that many of these could have been prevented by the simple matter of having a building permit procedure in town. This would not restrict building in any way, but would inform prospective builders of Planning, Steep Slopes and Wetland regulations before a structure was constructed, preventing much aggravation to all.

In 1994, the Board will drop its membership in the Lakes Region Planning Commission. The Board consulted them twice in 1993, making it much more cost effective to pay them on a per use basis rather than the eight hundred plus dollars our dues currently run. When economic conditions warrant it, the Board will renew its membership.

The Board meets the first Tuesday of each month at the Town Hall and welcomes public participation as well as suggestions concerning changes in the regulations.

Respectfully submitted,

Paul D. Potter, Chairman

TOWN OF EFFINGHAM
LANDFILL AND RECYCLING AREA

The final plans have been submitted to the State of New Hampshire by Kimball Chase Engineering for the closure of the landfill. The plans are in for the new Transfer Station which is scheduled to be built and operating in April 1994. All trash will be put into bins and hauled away to a legal disposal area. Recycling will be mandatory to reduce the cost of tonage hauled away. All cans and bottles will be put into the same container for your convenience. Newspaper and cardboard will be put in another. All trash will be put into a compactor. All other materials will be handled the same way.

The water testing this year has shown very little impact on the land. All persons using the Transfer Station will need a permit sticker. If you cannot make it to the Town Hall for a sticker, I will have them available at the Transfer Station this year for your convenience.

NO TRASH FROM OUT OF TOWN WILL BE ACCEPTED.

Respectfully submitted,

Anthony Monafo
LANDFILL OPERATOR

LIBRARIAN'S REPORT
FOR 1993

Because we are uncertain about the location of the Library in the near future, we did not go ahead with our plans for new bookcases and shelving. Instead, John Jenkins built some temporary shelves. He did a nice job. Thanks again, John.

We would also like to thank those who donated abooks to the Library. These books help us stretch our book money and allows us to get the more expensive reference books.

We purchased 11 reference and hhistorical books, 10 children's books, 4 vital statistical books and 3 subscriptions.

We also received 2 children's subscriptions and 5 adult subscriptions.

Respectfully submitted,

Joyce Van Tassel, Librarian

EFFINGHAM HISTORIC DISTRICT COMMISSION

The Commission held eleven regularly-scheduled meetings during 1993. Two applications were approved by quorum. Members attended lectures and meetings presented by affiliated organizations. The following significant proceedings during the past year in coalescence form an enriching canvas.

The New Hampshire State Office of Planning offered the Effingham Historic District Regulations as criteria and example to the Durham Historic District Commission.

The New Hampshire Division of Historical Resources, a State agency with which our Commission has especial alliance, was granted a "Special Achievement" award by the National Park Service for consistent application of National Register criteria in all program areas.

The New Hampshire Legislature enacted three historic preservation bills and established the Arts and Cultural Resources Caucus which has the following three-fold mission.

- to provide leadership in support of legislation that recognizes, preserves and promotes New Hampshire's literary, artistic and historic resources.
- to provide information to fellow legislators about the importance to New Hampshire of the State's literary, artistic and historic resources.
- to stimulate awareness that New Hampshire's literary artistic and historic resources are essential elements of the State's economic and social well-being.

Once again, the members of the Commission express their appreciation for the continue support of the Townspeople.

Respectfully submitted,

Arleen Gertsen
Secretary/Trustee

CONSERVATION COMMISSION
ANNUAL REPORT - 1993

The Effingham Conservation Commission monitors the use of this area's natural water resources. With the Wetlands board in Concord, we strive to regulate and maintain clean waterways and preserve natural wetlands from illegal obstructions and contaminates.

We are continuing to pursue two adjacent wetlands violations on Province Lake and, with the Wetlands Board, will press for a final and satisfactory resolution.

The Earth Day project this year was more successful than ever with many more concerned citizens volunteering to clean roadside debris away from their property lines. Many more volunteers scoured the less populated areas. The Earth Day cleanup project will continue and we look forward to even more success in 1994. We need you to volunteer and take pride in Effingham's clean roadways.

Respectfully submitted,

James Champion, Chairman

TOWN FORESTER'S REPORT - 1993

My job was made somewhat easier by the fact that the State District Ranger for this area, Lee Gardner, has been actively pursuing violators of timber harvest laws. There were a number of violations this year including logging without Intent-to-Cut forms being filed, slash and buffer strip violations, stone walls being pushed over on boundary lines, illegal dumping of trash, debris in streams, and, possibly, a violation of the Town's Steep Slopes Ordinance. Some of this I dealt with directly and some items were turned over to the State.

I plan to work with the town in the coming year on identifying, select cutting and putting up for sale most of the town's larger properties. Any resident who would like to comment on these or any other forestry issues can contact me or the Selectmen.

Margaret Stewart
Town Forester

REPORT TO DISTRICT ONE CITIZENS

The five-member Executive Council acts much like a Board of Directors within the Executive Branch of your State Government. We have the authority granted to the Governor and Council by constitutional and statutory law for the overall administration of the affairs of State as defined by the NH Constitution, NH statutes, advisory opinions of the Attorney General and opinions of the NH Supreme Court.

We each represent one-fifth of the population divided into five districts. Our District consists of 98 towns and four cities spread over all or parts of five of New Hampshire's ten counties. The current population of our district is 221,000 people - basically the land area north of Concord.

Of prime importance to this region is the development of the highway transportation program throughout the State. The NH Legislature by law set in motion a two-year cycle which will start July 1, 1994 which requires each Councilor to hold public hearings to ascertain highway and transportation needs. We then will make a recommended plan for highways to the NH Legislature by February 1997. Governor Merrill will be making his 1994 recommendations to the NH Legislature by February 15, 1994. Town, cities, counties and citizens having an interest in this should contact their local State Representatives and State Senator.

Another project that is of continuing interest to this District is the nomination and confirmation of individuals to the dozens of State boards and commissions on which the Governor and Council are required to fill with qualified and interested citizens. If you are interested, please forward a copy of your resume to me.

Individuals having an interest in these duties and responsibilities should contact my office or Governor Merrill's office at the State House, Concord, NH 03301.

FOR THE 1993 ANNUAL REPORT

LAKES REGION PLANNING COMMISSION

The Lakes Region Planning Commission is a voluntary association of local communities designated by area towns as the organization that brings towns and cities within the Region together. By associating and pooling resources, local governments have a highly trained professional staff available to them for a wide variety of services. Areas of current expertise include land use planning, transportation planning, master planning, environmental planning, capital improvement programming, impact fee studies, economic and community development, housing, fiscal and environmental impact analysis, geographic information systems and computerized cartography, household hazardous waste collections and site plan review. Communities may also obtain the services of a professional planner on a regular basis through our circuit rider program. The Commission also serves as a collective voice in issues involving the state and federal government. We are cognizant of the role we have to protect and further the interests of our communities.

Your support enables the LRPC to undertake comprehensive regional planning and to carry out various projects and programs of regional benefit. Over the past year, the LRPC:

- o Provided consultation and assistance to thirty-one member communities.
- o Met repeatedly with state officials and agency representatives to influence policy and help keep the Region an active participant in many ongoing State programs.
- o Contracted and coordinated the 10th, and largest, regional household hazardous waste program in the Lakes Region serving over nineteen municipalities in a one day super collection.
- o Initiated the start of the Lake Winnepesaukee Watershed Project which includes the preparation of a Manual of Model Ordinances, especially for communities having lakefront lands.
- o Sponsored local sessions of the N.H. Law Lecture Series.
- o Served as a board member on the Belknap County Economic Development Council, a regional consortium of area towns for economic betterment.
- o Staffed critical parts of the U.S. Route 3 and N.H. Route 11 community oriented transportation study of the Route 3 & 11 transportation corridor from Franklin to Laconia. The final report is scheduled for early 1994.
- o Served on the Route 3 & 11 Policy Advisory Committee advocating a consensus approach for projects to be recommended in the 3 and 11 study.
- o Initiated discussion of state support for a study of siting a conference facility in the Lakes Region. Legislation for this idea was submitted in 1994 (SB 701).

- o Provided each town in the region with GIS plots of wetlands, through a cooperative project with the N.H. Office of State Planning. We are also represented on the N.H. GIS Advisory Committee. We are also working on a cooperative GIS partnership with Plymouth State College.
- o Started data collection efforts on the Route 16 Feasibility Study; a federally mandated study designed to investigate measures to preserve the Route 16 transportation corridor as an efficient conveyer of people and goods.
- o Initiated discussion on a land capability analysis of the Newfound Lake watershed. This effort will be funded by the N.H. Dept. of Environmental Services and will include assistance from the Newfound Lake Association and the communities within the watershed.
- o Continued to participate on and support the N.H. Heritage Trails efforts. The N.H. Heritage Trail is a recreational trail generally following the Pemigewasset and Merrimack Rivers from the Canadian border to the Massachusetts border.
- o Started a cooperative wetlands evaluation project with the Audobon Society, Office of State Planning and Central Region Planning Commission. Held two workshops and will work with Ossipee and Wolfeboro on wetland evaluations.
- o Met individually with all thirty-one towns in the region to discuss changes to the existing regional transportation improvement program. This information will assist the LRPC with the preparation of an updated regional transportation improvement program.
- o Completed point and non-point source pollution mapping of towns in the Region and transferred this information into the LRPC's geographic information system.
- o Continued to administer the Region II Transportation Advisory Committee in coordination with the N.H. Department of Transportation. This group meets throughout the year and has established regional transportation priorities which are annually presented to the Governor's Highway Advisory Council and the State Department of Transportation for future transportation improvement projects.
- o Continued to administer and participate in a number of master plan updates throughout the Region including, but not necessarily limited to Tamworth, Northfield, Holderness, Gilmanton and Sanbornton.
- o Received a special commendation for unique and significant accomplishments in the field of town, city and regional planning from the Northern New England Chapter of the American Planning Association for our Industrial Siting Study.

We look forward to serving your community during the coming year. Please feel free to contact us at 279-8171 whenever we can be of assistance.

Subject: 1993 Landfill Closure Activities 90-3794

Dear Board Members:

During 1993, Kimball Chase Company provided the following services to the Town:

- 1) Continued water quality monitoring of groundwater and the South River.
- 2) Transfer Station permitting.
- 3) Transfer Station design and layout.

The results obtained from water quality monitoring indicate the same conditions as 1992. The landfill is generating leachate, but is having minimal impact upon groundwater. No surface water impact has been noted. Reports are issued three (3) times each year to the Town and the New Hampshire Department of Environmental Services (NHDES).

We are currently completing the Interim Closure Application for the solid waste landfill. The interim closure presents significant savings to the Town, due to its lower construction cost, if accepted by NHDES. Construction could possibly begin in the summer of 1994.

Kimball Chase appreciates the work which Effingham has asked us to undertake since 1988. We look forward to continuing our work with the Town and addressing its solid waste disposal requirements in this coming year.

Very truly yours,

KIMBALL CHASE COMPANY, INC.
